

# Finding Your Place 2021:

## Social Emotional Learning Supplier Index

October 2021

# How to Interpret the Supplier Index

## PURPOSE

This SEL supplier index is intended to provide SEL practitioners, investors and policy-makers with a high-level overview of the many offerings available in the market.

## METHODOLOGY

Other than the Collaborative for Academic, Social, and Emotional Learning (CASEL) designation and primary offering description, all information is self-reported by the SEL suppliers via a survey conducted in the spring of 2021 by Tyton Partners. Therefore, the list only includes survey respondents and is not a comprehensive accounting of the entire SEL marketplace. Survey responses were examined for completeness and relevance in order to be included in the index, but inclusion should not be viewed as an endorsement by either Tyton Partners, CASEL, or the Bill and Melinda Gates Foundation.

## KEY

Each organization was asked to place their primary and any secondary offerings on the SEL taxonomy developed by Tyton Partners, as explained in Section I of this report. Below are the symbols and abbreviations used to designate the SEL categories and approaches used by each organization. A blue box is used to designate offering alignment with the corresponding approach and category. A star designates alignment of the primary offering by that specific organization.

## NOTE

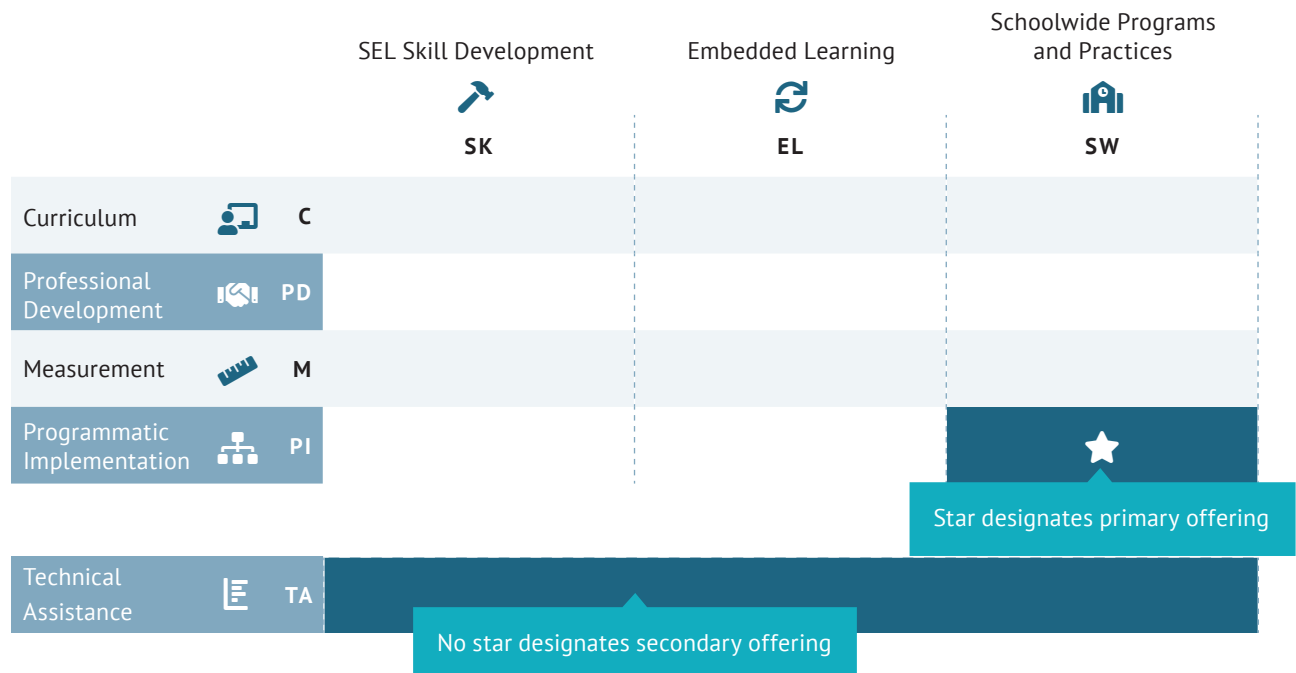

The Supplier Index is a companion document to Tyton Partners' research report *Finding Your Place 2021: Social Emotional Learning Takes Center Stage in K-12*. Please see the full research report for insights on supply- and demand-side dynamics in the SEL ecosystem informed by two separate surveys.

## EXAMPLE

The chart below shows that the primary offering is Programmatic Implementation with a Schoolwide Programs and Practices approach and that this organization also offers technical assistance.

## NOTE

Note that for the technical assistance category, there is no delineation between SEL approaches because technical assistance is concerned with working at the district-level to determine the forms of SEL that should be adopted, and how they can best be implemented.

**THE TAXONOMY** placement for the primary and any secondary offering(s) from each supplier.

Survey question prompt, primary: "Please indicate where you would place your 'primary offering' within the taxonomy. While some offerings could fit in more than one square, we would ask you to choose just one that you find most representative."

Survey question prompt, secondary: "Please indicate where you would place any secondary offering(s)"

### PRIMARY OFFERING

Name and description of offering that represents highest portion of business

**DELIVERY** is an estimate of how much time within the school calendar and class-time each offering is intended to occupy.

Survey question prompt: "What is the typical frequency of interaction customers have with your SEL offering(s)?"

"What is the typical manner in which schools/district integrate your SEL offering into the school calendar?"

### DELIVERY

#### GRADE-LEVEL

An indication of which grade-levels the offering is built to support

### DIGITAL ACCESS

#### CASEL DESIGNATION IN 2021

CASEL Program Guide designation for eligible offerings as of publication in September 2021; please refer to the full guide here for the most recent designation status: <https://pg.casel.org/>

**DIGITAL ACCESS** serves as an indication that the supplier has and will continue to have a digital offering post-COVID

Survey question prompt: "How have your offerings' materials been accessed or delivered as a result of COVID? Please select all that apply."

### Other offerings and/or products

- » Other secondary offerings or services indicated by the supplier

**Website:** The organization's home webpage

Note on CASEL designation: CASEL has three designations for those offerings represented in its Program Guide: "SElect," "Promising," and "SEL Supportive." There are two categories in this index for those without a designation. "No" indicates that the offering is not currently in the Program Guide. "Not applicable" indicates that it is outside the focus of the Program Guide, which could be for a variety of reasons including being specific to one community of students or being delivered outside the regular school day.
